

# Learning Support Program

## School Year 2010-2011

MMA's new **Learning Support Program** helps students understand their learning styles, improve their study habits, and develop their organizational skills. Teachers in the **Learning Support Program** meet with assigned cadets (individually and in small groups) each afternoon and evening to determine specific measures that can boost academic confidence and achievement.

In addition to weekly emailed progress reports, parents will receive a program summary at the end of each quarter with recommendations for continued academic growth.

Cadets enrolled in the **Learning Support Program** (LSP) meet with their assigned teacher-mentors during the evening study period (8 to 9:30 p.m.), Monday through Thursday. LSP enrollment may be on a quarterly basis (\$600/quarter) or for the entire school year (\$2000).

To enroll a cadet in LSP, complete and submit this form to the Dean's Office by fax (540-459-5421) or email ([academics@militaryschool.com](mailto:academics@militaryschool.com)). Or call the Dean's Office at 540-459-2167, extension 264.
