

## **Cadet Schedule August 10-21, 2020**

To minimize the risk of spread of COVID-19, MMA has implemented daily health screenings for cadets, employees and visitors. All individuals on campus will be required to wear a mask when inside any buildings. Anyone arriving on campus will be required to report to the infirmary to have their temperature taken and a health screening. Signage has been placed around campus to remind about COVID-19 safety protocol.

When cadets arrive on campus August 8 and 9, they will go through a health screening. Once they are cleared, they will report to their assigned dormitory and quarantine for two weeks. During the two-week quarantine period, cadets will begin their classes with their teachers through Canvas.
